

## Sunshine Committee:

If you know of a club member who has had a major achievement or milestone of a general interest to the club as a whole, that you feel should be recognized by his fellow members, such as member weddings, direct descendant births, job retirement, or any significant occasion, contact the Sunshine Committee. When reporting items concerning club members **for recognition** be prepared to provide as much information as you have available. Information usually needed would be items such as the full name, telephone number, and address of the person being reported upon, all the pertinent details of the achievement to be recognized, and the name and telephone number of the person making the report.

Also, when a fellow member **needs a cheering-up** from a major surgery or illness and a card or flowers would be appreciated, contact the Sunshine Committee. We will hand route a greeting card(s), etc, to the member to be recognized. Please be prepared to provide us with as much information as you can. Information usually needed would be the full name, telephone number, and address of the person being reported upon, what hospital, admission and release date, general description of the malady or loss, and the name and telephone number of the person making the report.
