

Bio of the Northcoast Miata Club 2011:

The Vice-President

Hello, my name is Christopher Galizio and I am the 2011 Northcoast Miata Club Vice President. I have wanted a Miata since they first arrived in 1989. Unfortunately I was 11 years old and had no means to get one, let alone drive one.

The dream lived on and became a reality in August 2010 when my wife and I were able to welcome a True Red 2008 soft top into the family. I had heard about the Northcoast Miata Club from lurking on Miata.net and sent my application in the mail the day after we got the car. Our first meetup was a Sundaes on Mondays two days later.

The car has been a blast and so has the club. I have enjoyed sharing my Miata enthusiasm with others who feel the same way. I decided to run for office because the club is fun and I wanted to be more involved. As vice president, I will be assisting the president and learning from the veteran members in preparation for my presidency in 2012. I will also program Rockne's number into my phone.

I live in North Olmsted with my wife Elyse and our three cats. We were married this past June and are enjoying newlywed life. I am an audiologist at the Louis Stokes Cleveland Department of Veterans Affairs and Elyse is an elementary music teacher for Strongsville City Schools. In my spare time I enjoy listening to music and collecting records (they still make them!). Elyse and I also enjoy travelling (hopefully to Europe this summer!).
